Team,
Please find a revised one, after doing some corrections in roles. Please ignore the previous one and consider this one.

Thanks & Regards,

Dear Team,
Please find the list of persons and their possible roles, kindly use it during Project team formation in Einframe. Please note that these are possible rollers identified, if else then discussed and can be put in corresponding projects. As there are character limits in that section of Einframe, so may be full name and multi role not mentioned in the sheet. I tried to mention the most common roles.

Thanks & Regards,
