Sir,

As discussed below suggested points are considered and implemented in version 1 PEG_Plan_2022-23.

1. Einframe related support / enhancement activity as a task added in scope.
2. Process management skill utilization of me increased upto 75%, previously it was 50%. As the CMMI benchmark appraisal is scheduled for this year. Also will increase Shweta involvement in process adherence activities.
3. Also regarding risk of conflict roles, we'll report time to time to you after audits, and you can review that.

Thanks & Regards,
