Very good sheet. I was supposed to ask you regarding this because i am not able to see all consolidated data. Please share the process to see.

Thanks and Best Regards,

Dear All,

First of all thanks for using and giving feedback to improve this software. I fetched the feedback reports, till date, and mentioned status and remarks in front of them. Although you are also receiving mail about your feedback resolved or hold or reject from the software support team, I also consolidated this for your reference.

Thanks & Regards,

Jalaj Mathur | Manager
