Dear All,

Welcome to EinFrame.

In this training session, we will cover initial setup, administration and configuration of EinFrame.

This training is intended for administrators only who will have rights to add users, define user access, download logs and access some other parts of EinFrame which are not available for regular users. In case you want more people to join this session, forward this e-mail to them.

You can join this meeting by opening the link in your browser and allow your mic/camera to be used when asked.

Note: This meeting will be recorded.

Best Regards,
EinFrame Team
