Hello Ma'am,
Please find the non disclosure agreement as attached, kindly do the review of the format / wordings, is it OK or some modifications required.
We as GIL R&D implementing server base software for Project management from third party. So R&D project data will upload on the server if we use this software. For that we need to do this mutual non disclosure agreement with the software provider.
The same type software has been used by GPIL R&D also since the past 4-5 years, and they also did the same type agreement, so you can refer to their agreement also.
We have to implement this software as soon as possible, as approval received from CEO Sir also, so please do needful.
Hope we'll hear from you soon.

Thanks & Regards,
