Hello Ma'am,

The survey module of Einframe mentioned to use for collecting training feedback from participants. This is done as we wanted to use the same one tool for recording all the data. But due to its limitation as you want to use existing google form to collect training feedbacks. We'll change in the upcoming revision of QMS.

Thanks & Regards,

Dear Sir,

In the process of training(Einfame), it is my suggestion for capturing the training feedback we have to use the Google form.

Thanks & Regards,
