Hi Jalaj,

This issue has been resolved by adding a 'X' button next to marketing manager name.  
Using this button, you can reset the selection.

Sir,

I am talking about Add/Edit Project page, in which some fields are non mandatory, like Marketing manager, if by mistake we select any name and then want to leave blank, then we can do that, but right now we are not able to do it.

Parent Project	- Select -	Customer
Project Manager *	Jalaj Mathur	Targeted Prod. S
Marketing Manager	Sandeep Jain	Primary KPI Affe
		Intangible Impac
<b>INPUTS</b>		
Concept Used 1	- None -	Knowledge Outp

Thanks &amp; Regards,

Dear Jalaj,

Can you please elaborate which page/module we are talking about in this case? And what fields are required to be made non-mandatory?

"There should be entry removal option in non mandatory fields, so that it can leave blank"
